Then be sure you use that sentence in each piece of sales and promotional materials, and every time anyone asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several other methods that can allow you to sell extra books.

One is to provide something away free of charge along with your e-book, akin to a helpful bonus item. Or bundle a number of ebooks beneath one price, which lowers the price for each ebook if they had been bought separately.

An efficient method for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new e book, but do not embody a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on each page. Be sure that your sales copy is strictly the same on every

page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This may tell you what your optimum value is.

Ultimately, in the event you've written a e book that solves a drawback or presents a new method, your book will usher in each visitors and profits.
